

VIRTUAL DEIGHTON USER CONFERENCE

DUC AT A GLANCE - dTIMS HIGHLIGHTS

WHAT IS VIRTUAL DUC?

We are excited to bring back the Virtual Deighton User Conference (vDUC) 2026, a dynamic two-day event designed to showcase the best of our in-person Deighton User Conference (DUC) to the virtual world. vDUC offers an accessible platform for our clients, partners, and users to engage with key updates, training sessions, and industry insights from anywhere in the world.

THE EXPERIENCE

- **dTIMS Highlights:** Get an in-depth look at the latest advancements and features in dTIMS, our flagship asset management software.
- **Training Opportunities:** Access hands-on training sessions tailored to various skill levels, ensuring that all attendees, from beginners to experienced users, gain valuable knowledge.
- **DUC Content:** Explore high-level overviews of the most impactful sessions and presentations from our previous Deighton User Conference, curated to deliver critical insights and industry trends.
- **Interactive Sessions:** Engage in live Q&A sessions and virtual networking opportunities designed to foster collaboration and knowledge sharing among attendees.

JOIN US ONLINE DECEMBER 2 & 3, 2026, AND BECOME PART OF THE vDUC COMMUNITY!

2026 VIRTUAL DEIGHTON USER CONFERENCE

AGENDA

DAY 1 - DECEMBER 2

Welcome to Virtual DUC! 8:00-8:10AM AWST, 11:00-11:10AM AET, 1:00-1:10PM NZDT

Join us for the opening session of the Virtual Deighton User Conference! Vicki Deighton and Gary Ruck will kick things off with a warm welcome and share what's in store for this year's conference. It's a chance to connect with fellow users, exchange ideas, learn from one another, and explore new ways to get the most out of Deighton. We're excited to have you with us and look forward to a great few days of learning and collaboration!

The Latest in dTIMS 8:10-8:40AM AWST, 11:10-11:40AM AET, 1:10-1:40PM NZDT

Explore the latest new features & updates to the dTIMS Product Suite with Deighton's Product Team.

dTIMS Next Gen - dTIMS CAR 8:40-9:05AM AWST, 11:40-12:05PM AET, 1:40-2:05PM NZDT

Explore the first official part in the next generation of dTIMS: dTIMS CAR (Common Asset Registry).

dTIMS Tactical - DOT Pilots 9:05-9:30AM AWST, 12:05-12:30PM AET, 2:05-2:30PM NZDT

Through ongoing collaboration and discovery sessions with our clients, we've uncovered a wealth of ideas to enhance dTIMS Tactical. Many are now on our product roadmap, while others are already taking shape in recent releases and will continue to roll out in upcoming versions.

Assessment & Sensitivity Analysis 9:30-10:00AM AWST, 12:30-1:00PM AET, 2:30-3:00PM NZDT

Join us as we explore the dTIMS Assessment & Sensitivity Analysis. The dTIMS Sensitivity Analysis is a technique to study how various sources of uncertainty in a dTIMS setup contribute to the overall uncertainty of the results. The dTIMS assessment is a structured evaluation service provided by Deighton Associates Ltd. to assess the efficiency, effectiveness, and compliance of an organization's current dTIMS implementation.

Training and dTIMS Skills 10:15-11:30AM AWST, 1:15-2:30PM AET, 3:15-4:30PM NZDT

Experience dTIMS training and fine-tune your dTIMS skills with our interactive training sessions!

2026 VIRTUAL DEIGHTON USER CONFERENCE

AGENDA

DAY 2 - DECEMBER 3

Welcome Back to Day 2 8:00-8:10AM AWST, 11:00-11:10AM AET, 1:00-1:10PM NZDT

Welcome to Day 2 of vDUC! We will recap Day 1 and give you a sneak peak into what is happening during Day 2 of the Virtual Deighton User Conference!

Key dTIMS Plan to DUC2027 8:10-8:40AM AWST, 11:10-11:40AM AET, 1:10-1:40PM NZDT

Join Deighton's Product Team and dive into what's planned on the dTIMS Roadmap over the next year - from now until DUC2027 in June.

dTIMS Vantage 8:40-9:00AM AWST, 11:40-12:00PM AET, 1:40-2:00PM NZDT

dTIMS Vantage is the next generation of dTIMS, with an expanded analysis engine in a sleek, modern workspace that makes it easier to build, run and review your analyses. It also adds advanced analytics not available in dTIMS BA, including data science tools to dig deep into your network data, goal-based optimization, and live program adjustment with instant budget and condition impact.

dTIMS Next Generation 9:00-9:30AM AWST, 12:00-12:30PM AET, 2:00-2:30PM NZDT

Join us for a look at longer-term roadmap ideas and new possibilities being explored for dTIMS. We'll share some of the concepts and innovations the team is working on, including a demonstration of dTECT, developed by Deighton's Innovation Team. This session is an opportunity to see what's on the horizon, spark ideas, and explore how these developments could support your future needs.

Training and dTIMS Skills 9:45-11:00AM AWST, 12:45-2:00PM AET, 2:45-4:00PM NZDT

Experience dTIMS training and fine-tune your dTIMS skills with our interactive training sessions!

End of vDUC 11:00AM AWST, 2:00PM AET, 4:00PM NZDT

Thank you for attending vDUC!

2026 VIRTUAL DEIGHTON USER CONFERENCE

FREQUENTLY ASKED QUESTIONS

What is Virtual DUC and how is it different from regular DUC?

DUC offers a traditional, in-person experience with all the benefits of face-to-face interaction, while vDUC brings the conference to a broader audience through an accessible, cost-effective virtual platform. vDUC covers key concepts discussed at DUC, but from a high-level without the granularity.

When and where is vDUC?

vDUC is taking place virtually on December 2 & 3, 2026! You can access it from anywhere as long as you have a stable internet connection and a functional laptop. vDUC will be run through a conference platform called Demio.

Who do I contact for more information?

Please reach out to us at info@deighton.com if you have any questions about vDUC, the registration process, or are just looking for additional information. You can also contact your agencies designated Deighton Account Manager for more information or help registering your agency.

Is there a fee to register for vDUC?

This year there is no fee to attend Virtual DUC. Any one in your agency can attend free of charge.

Are agency pass tickets still an option?

Yes, agency pass tickets are the only option! When you purchase a registration to vDUC, you will be able to register any of your colleagues just for the one ticket cost. You just need to send the list of colleagues attending to us, and they will all be registered for unlimited access to vDUC!

Are sessions recorded?

Yes. All sessions will be recorded and will be made available to registered attendees shortly following the conference.
